Ohio.gov | MRDD

Your Monthly Update For Individual Information Form (IIF) and Individual Data System (IDS) News!

## Individual Data System (IDS) e-Bulletin

### IIF Reporting 2008 — COMPLETE ✓

**Congratulations** to everyone for a job well done! The 2008 (IIF) ADM data was pulled successfully on December 1st and we are now in the process of analyzing and reporting to those partners who use this important information. We anticipate that you will begin to see reports from us in January 2009. **Thank you to everyone!**

### Issue 5—November 2008

Building a Data System

### IMPORTANT INFORMATION—IIF Reminders

**Help** — If you have questions or need help with IIF, please contact the support listserv at [IIF.support@odmrdd.state.oh.us](mailto:IIF.support@odmrdd.state.oh.us).

**Reports** — To locate reports available in the current IIF system, go to [www.odmrdd.state.oh.us/apps/](http://www.odmrdd.state.oh.us/apps/), sign in and click “IIF”. Once inside the IIF application, click on the “Reports” link. This will open current and historical reports for your review. If the information or report you need is not listed, please contact the IIF.support listserv mentioned above for assistance.

**Resources** — To obtain resources such as the Superintendent Signature Document, IIF instructions, or the current ICFMR Facility Listing, go to the IIF Application, and click the “Resources” link.

#### \*NOTICE\*

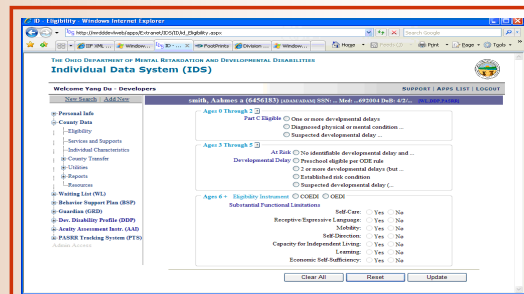

**THE TRANSFER SCREENS WERE REOPENED AND AVAILABLE FOR USE ON DECEMBER 1, 2008.**

For more information or if you have questions—contact [IIF.support@odmrdd.state.oh.us](mailto:IIF.support@odmrdd.state.oh.us)

## The New IDS—AN UPDATE ON THE NEW DATA SYSTEM

**The Individual Data System (IDS)** is on its way! The ODMRDD, together with several County Boards of MRDD, have been developing this new system since late 2007. The IDS will replace the IIF, but will become much more than just a form for collecting demographic data. The new IDS is, as its name suggests, a *SYSTEM* that houses many kinds of data about the individuals we serve. The *SYSTEM* is designed to be a central location where all data about the person can be found in one place. No more opening and closing separate data applications! You will find everything in one place and will have the ability to click in and out of applications such as the ODDP, Waiting List, and AAI (to name a few) with ease. And the IDS will streamline user functionality because when you enter an individual’s general information (name, address, DOB, etc.), the information will “populate” all other applications in the IDS system.

These are just a few of the many remarkable improvements to the data collection system. We plan to roll Phase 1 of the new IDS in the first quarter of 2009, and will conduct training sessions throughout the 2nd and 3rd quarters to prepare for fall ADM. **Stay tuned for sneak previews and further updates about the new IDS as they become available!**

### SNEAK PEAK #1 - ELIGIBILITY
